

Adult Choice Outside Reading

First, let me say thank you for being involved in your student's education. It goes without saying that students whose families are involved in their education are generally more successful, and I'm pleased that you get to choose a novel for your student to read. For the complete list of novels please log on to **www.mrisakson.com** and click on the "Outside Reading" tab at the top. You'll see a link to "101 Books..." Feel free to choose just about any book from this list. Thanks again!

~Mr. Isakson

The book that I have selected for my student to read is:

I chose this book for the following reason(s):

My student began reading the book on the following date:
