

Thesis Review: Day Two

Remember, a basic thesis has **two parts**. Otherwise, it is incomplete and almost totally useless.

In groups of two, discuss the following question:

Several school districts around the nation have adopted various forms of bilingual education, conducting classes in several languages in addition to English. Should schools conduct courses in more than one language for the benefit of students whose first language is not English?

Holy cows... This is complicated. I know! Let's make a web!

Lastly, take a look at your reasons. Please write a complete introduction (hook, context, thesis) based on your web.
