Raymond Carver

Please craft a 1 page response to Carver's poem which summarizes, in brief, the poem. Then move into an analysis which explores how Carver's style manifests in the poem. Pay special attention to elements that you feel well represent a minimalist approach. Next, discuss the affect that Carver's style has on the actual tone. You'll want to cite the text to be successful. Finally, discuss whether or not you agree with what Carver has to say about love, life, faith, death, or any other theme that you identify in the poem.
